

- ✓ Sidebar Navigation with Tabbed Dashboard Filters**
This layout uses a **left sidebar for module navigation** and **top-level tab filters** to toggle dashboard views. It's designed for enterprise platforms managing risk, compliance, or operational controls.
- Key Features**
- 1. Sidebar Navigation**
 - Modules include:
 - Intelligence
 - Tasks
 - Audits
 - **Program** (highlighted)
 - Groups
 - Gap Analysis
 - Frameworks
 - Provides persistent access to core platform areas.
 - 2. Top-Level Dashboard Filters**
 - Tabs include:
 - **Compliance**
 - **Impact** (selected)
 - Group
 - These toggle the dashboard's focus, allowing users to view data through different lenses.
 - 3. Search and Filter Tools**
 - Top-right includes:
 - Search bar
 - Filters button
 - Enables refined data exploration and control targeting.
 - 4. Summary Metrics**
 - Displayed at the top:
 - **Failing Controls: 7**
 - **Customers Impacted: 177**
 - Offers quick insight into current risk exposure.
 - 5. Bar Chart Visualization**
 - Shows most impacted customers by failing controls.
 - Each bar represents a customer group (e.g., Abbott, Adams Group, Ballistreri LLC).
 - 6. Controls Table**
 - Columns include:
 - ID
 - Control Name
 - Test Status
 - Owner
 - Customers Impacted
 - Example entries:
 - INFRA-5: Firewalls (Fail, 176 owners, 177 customers impacted)
 - BIZOPS-30: ISMS (Fail, 1 owner)
 - HR-20: Board Oversight (None)
 - 7. Status Filter Buttons**
 - Options:
 - Fail (7)
 - Pass (73)
 - Not Run (130)
 - Excluded (1)
 - Planned (85)
 - All (296)
 - Allows users to segment controls by testing status.

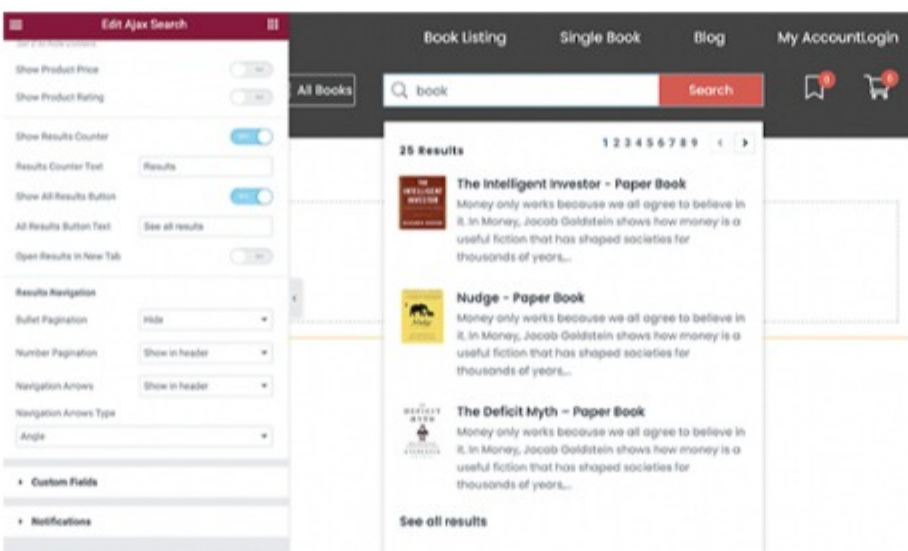

- ✓ Breadcrumb Trail with Top-Level Search and Category Filters**
This layout combines a **breadcrumb trail for category context**, a **search bar for direct lookup**, and **top navigation for department-level browsing**—ideal for outdoor gear and apparel e-commerce platforms.
- Key Features**
- 1. Breadcrumb Navigation**
 - Shows the user's path:
 - **Men's Footwear > Men's Winter Boots & Shoes > Men's Winter Boots**
 - Helps users understand their location and easily backtrack or refine their search.
 - 2. Search Bar**
 - Labeled **"Search gear & clothing"**
 - Positioned prominently in the header for quick access to specific products or brands.
 - 3. Header Utilities**
 - Includes:
 - **Customer service phone number:** 1-800-409-4502
 - **Account and cart icons** for user access and checkout
 - Supports user trust and transactional flow.
 - 4. Promotional Banner**
 - Features a story: **"Building Balance in the Backcountry - Kate Ediger's Story"**
 - Adds brand personality and lifestyle appeal.
 - 5. Brand Highlight**
 - The brand **BOGS** is visible, indicating the product being viewed.
 - Reinforces product identity and filtering relevance.
 - 6. "Back to Results" Link**
 - Allows users to return to the previous search or category page.

- ✓ Tabbed Horizontal Navigation with Sectional Subtabs**
This layout uses a **horizontal tabbed navigation bar** for top-level categories and **subtabs** within each section to organize content—ideal for profile builders, onboarding flows, or resume editors.
- Key Features**
- 1. Top-Level Tabs**
 - Includes:
 - **Personal**
 - **Qualification** (active)
 - **Education**
 - These tabs segment the user's profile into logical sections.
 - 2. Subcategory Tabs (Under Qualification)**
 - Includes:
 - **Experience** (active)
 - **Skills**
 - **Certificates**
 - These subtabs allow users to input or view specific types of qualifications.
 - 3. Active State Indicators**
 - Both the active top-level tab ("Qualification") and subtab ("Experience") are marked with a **pink underline**, providing clear visual feedback.
 - 4. Minimalist Layout**
 - Clean design with ample spacing.
 - Focuses user attention on content entry or review.
 - 5. Responsive Design Potential**
 - Tabbed layout is likely optimized for mobile and desktop.
 - Subtabs may collapse into dropdowns or swipeable segments on smaller screens.

- ✓ Sidebar Folder Navigation with Table-Based Content Management**
This layout uses a **left-hand folder tree** for site structure and a **main content table** for managing pages and assets—ideal for content management systems (CMS) like Caspio.
- Key Features**
- 1. Sidebar Folder Tree**
 - Displays nested folders such as:
 - _assets
 - _internal
 - Accessibility
 - Best Practices
 - Blog
 - Core Resources (active)
 - Allows users to navigate site sections and manage content hierarchically.
 - 2. Main Content Table**
 - Columns include:
 - **Name** (e.g., Home, Blog)
 - **Order** (highlighted, showing sort priority)
 - **Type** (Page or Folder)
 - **Last Modified** (timestamp and editor name)
 - Supports quick editing, publishing, and metadata review.
 - 3. Content Actions**
 - Options like:
 - **Edit**
 - **Publish**
 - **Comments**
 - **Details**
 - **More**
 - These enable workflow management and version control.
 - 4. Top Navigation Bar**
 - Includes:
 - **Add Content**
 - **Site Content**
 - **Manage Site**
 - Provides access to global CMS functions.
 - 5. Search and Personal Tools**
 - "My Content" and "Search" options streamline access to user-specific or site-wide content.
 - 6. Visual Highlighting**
 - The "Order" column is bordered in red, indicating current sort or focus criteria.

- ✓ Search-Centric Top Navigation with Filtered Results and Pagination**
This layout combines a **search-first interface** with a **top navigation bar**, **filter customization panel**, and **paginated results**—ideal for e-commerce or content-heavy platforms like bookstores.
- Key Features**
- 1. Top Navigation Bar**
 - Includes links to:
 - **Book Listing**
 - **Single Book**
 - **Blog**
 - **My Account/Login**
 - Also features icons for:
 - **Shopping Cart**
 - **Notifications**
 - Provides access to core site functions and user tools.
 - 2. Search Bar**
 - Central to the interface, with the term "book" entered.
 - Drives the content displayed below, showing 25 results.
 - 3. Search Results Panel**
 - Displays book entries with:
 - Title (e.g., *The Intelligent Investor*)
 - Format (e.g., Paper Book)
 - Brief description
 - Results are paginated (1-9), allowing users to browse efficiently.
 - 4. Settings Panel (Left Sidebar)**
 - Titled **"Edit Ajax Search"**, includes:
 - Toggles for showing:
 - Product price
 - Rating
 - Results counter
 - Buttons
 - Dropdowns for:
 - Results navigation
 - Pagination style
 - Enables real-time customization of search behavior and display.
 - 5. Responsive Layout**
 - Designed for desktop and mobile use.

Search-Centric Top Navigation Element

This is a **prominent search bar** integrated into the top section of the website, designed to facilitate quick access to content across the site. It's a common feature in educational and institutional websites where users need to locate specific information efficiently.

- Key Features**
- 1. Central Search Bar**
 - **Purple background** makes it visually distinct and attention-grabbing.
 - **Placeholder text "Search..."** guides users on its purpose.
 - **White "X" icon** on the right allows users to clear their input easily.
 - 2. Branding**
 - **Shrewsbury College logo and name** appear on the left, reinforcing institutional identity.
 - The teal background behind the logo adds contrast and visual separation.
 - 3. Minimalist Layout**
 - Focuses entirely on search functionality.
 - No visible navigation links or dropdowns, suggesting a streamlined or mobile-first design.
 - 4. Responsive Design Potential**
 - The simplicity and spacing suggest it's optimized for both desktop and mobile use
